FEED THE SHARK

Sensory Bag

Feed the Shark

Sensory Bag

Adapted from:

<https://kidsactivitiesblog.com/110836/feed-shark-sensory-bag/>

Supplies Needed:

- Hair gel (blue like the ocean!)
- Markers
- Foam sheets in different colors
- Gallon-sized zipper bag
- Duct tape
- Scissors

How to Make the Sensory Bag:

- 1) Draw a big shark shape on the outside of the bag. Make sure its mouth is open so it can eat the fish!
 - a. (Decorate the rest of the bag if you like with sand, seaweed, bubbles, etc.)
- 2) Cut small fish out of the foam shapes and write numbers on them, 1 to 5 (or more!).
- 3) Fill the bag with the hair gel and insert the fish. Squeeze all the air out and tape all the edges to seal them (no blowouts and gel mess here).
- 4) Now we can play! Squish the fish around to feed them to the shark, or squish them away to escape! Try feeding the fish in number order to practice counting!

Four little, five little, six little fishies
Seven little, eight little, nine little fishies
TEN little fishies in the sea!

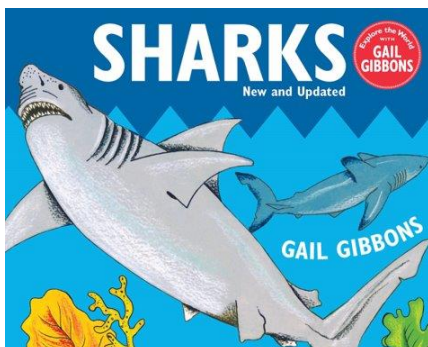

Sharkies Swim!

Down at the bottom of the deep blue sea
Lived a big mama shark and her little sharkies three
“Swim!” said the mama.
“Let’s swim!” said the three.
And they swam and they swam all over the sea!

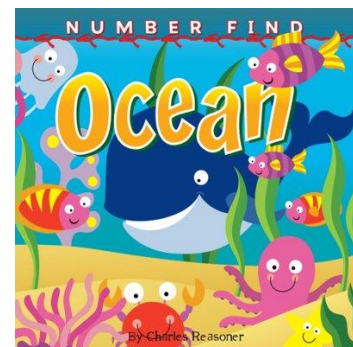

Down at the bottom of the deep blue sea
Lived a big mama shark and her little sharkies three
“Eat!” said the mama.
“Let’s eat!” said the three.
And they ate and they ate all over the sea!
