

GOING TO THE LIBRARY

Hillsborough County Public Library Cooperative:
A social narrative

This social narrative is meant to help prepare your loved ones for a visit to the public library.

There are visual supports and text for expectations, borrowing a book, and guidance for using the library.

Sensory tools are available to borrow at every library for use during your visit.

I AM GOING TO THE
Lutz Branch Library

Welcome to the library

This is the entrance
to my library.

Books everywhere

The library is a place where I can look at books.

Information Desk

Librarians work in the library.
They can help me find books.

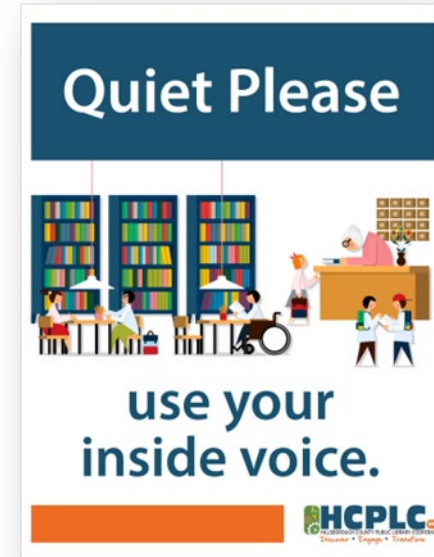

Read or listen

The library also has movies,
magazines, and books that talk!

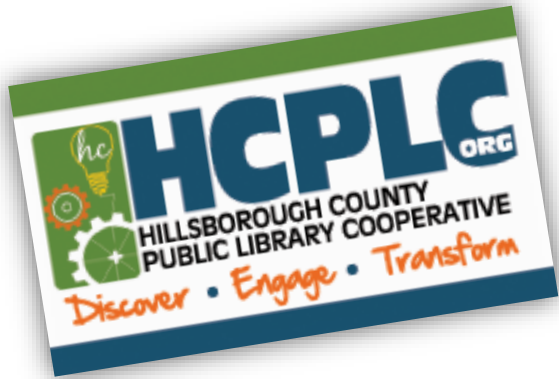

Friendly reminder

The library is a quiet place.
I try to use my inside voice when I talk at the library.

Find it here

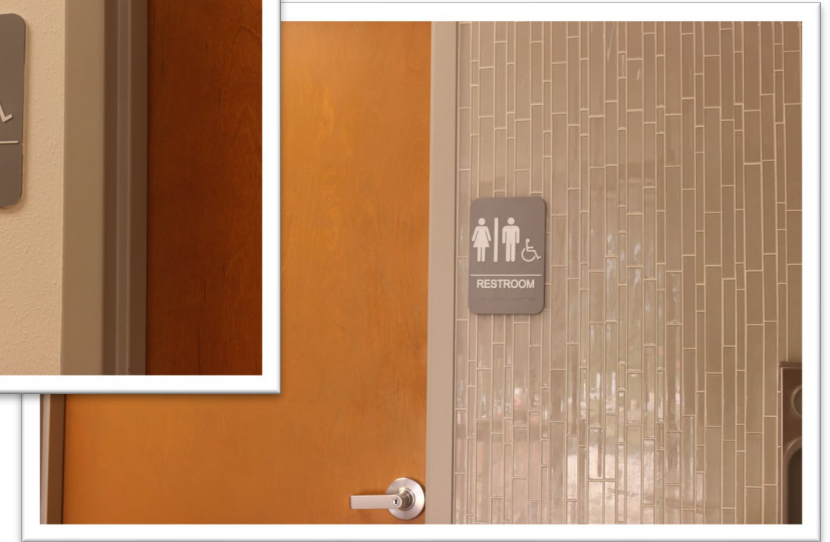

I borrow a book using my library card. I can take the book home and then bring it back so others can read it.

Children's Library

Browse books, play games, and explore.

Restrooms

If I use a restroom, the lights will be on, and the toilets may be a little loud when flushed. When I am finished, I will wash my hands and use hand dryers that can be loud too.

What else can I do at the library?

So much more.

Imagination starts here

I can listen to a story being read at Story Time.

Surf and learn

I can use computers!

Work, study, concentrate

I can study in a study room!

Something for everyone

I like the library!
